December 23, 2004

VERIZON NEW ENGLAND INC. D/B/A
VERIZON MAINE
Request for Approval of
Interconnection Agreement with
Massachusetts Local Telephone
Company, Inc.

ORDER APPROVING
INTERCONNECTION
AGREEMENT AND AMENDMENT
NO. 1 WITH MASSACHUSETTS
LOCAL TELEPHONE COMPANY,
INC.

WELCH, Chairman; DIAMOND and REISHUS, Commissioners

In this Order, we approve an interconnection agreement between Verizon New England Inc. d/b/a Verizon Maine (Verizon Maine) and Massachusetts Local Telephone Company, Inc. (MLTC), pursuant to section 252 of the Telecommunications Act of 1996.

On December 12, 2000, in Docket No. 2000-929, we approved a resale agreement between Verizon Maine and MLTC, pursuant to section 252 of the Telecommunications Act of 1996.

On November 16, 2004, Verizon Maine filed a negotiated "Amended, Extended and Restated Interconnection Agreement" with MLTC, pursuant to 47 U.S.C. § 252, enacted by the Telecommunications Act of 1996. Section 252 allows interconnection agreements that provide for interconnection between an incumbent local exchange carrier (ILEC) and another telecommunications carrier, including a competitive local exchange carrier (CLEC). It also allows a telecommunications carrier to purchase unbundled network elements or local services at a discounted wholesale rate (the discount reflecting avoided cost), or both, from an ILEC (or CLEC). The November 16, 2004 filing included Amendment No. 1 to the Agreement.

MLTC will pay to Verizon Maine the interconnection prices contained in the voluntary agreement that was reached pursuant to arms-length negotiations between the parties. The pricing standards contained in 47 U.S.C. § 252(d) apply only to arbitration proceedings under section 252(b) and not to negotiated agreements under section 252(a). Verizon Maine does not represent that the prices contained in the agreement are consistent with the section 252(d) pricing standards or with any other state or federal policy.

Section 252(e)(2) states that a state commission may reject a negotiated agreement only if it finds that "the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement" or if "the implementation of such agreement or portion is not consistent with the public interest, convenience and necessity." We received no comments by the comment deadline set in a November 29, 2004 Notice of Agreement and Opportunity to Comment. We do not make either of the

findings set for in section 252(e)(2) for rejection, and we therefore approve the agreement.

We reserve judgment on whether the rates contained in the agreement are reasonable from the perspective of Verizon Maine's retail ratepayers. Verizon Maine is presently under an alternative form of regulation (AFOR) ordered by the Commission in Docket No. 94-123. The AFOR began in December, 1995. Under the AFOR, Verizon Maine bears the risk of lost revenues resulting from rates that are too low. In Docket No. 99-851, we have continued the AFOR until May 31, 2006. We do not resolve whether Verizon Maine is receiving reasonable compensation from any CLECs that may avail themselves of the rates provided to MLTC pursuant to 47 U.S.C. § 252(i).

This Commission has not granted authority to MLTC to operate in Maine at this time. If MLTC wishes to provide public utility services, it must seek Commission authorization to provide those services pursuant to 35-A M.R.S.A. § 2102, and we will require MLTC to maintain schedules of rates, terms, and conditions pursuant to 35-A M.R.S.A. § 304. The terms and conditions shall specify the areas in which the utility will actually provide originating and terminating local exchange service, and may do so by reference to incumbent local exchange carrier exchanges rather than by municipalities.

The agreement filed by Verizon Maine provides for interconnection between MLTC and Verizon Maine's network in Maine. If MLTC seeks to interconnect with networks maintained by other incumbent local exchange carriers in Maine, it must seek a termination, suspension, or modification of the exemption contained in 47 U.S.C. 251(f)(1)(A).

ORDERING PARAGRAPHS

Accordingly, we

1. Approve the Interconnection Agreement and Amendment No. 1 to that Agreement between Verizon New England Inc. d/b/a Verizon Maine and Massachusetts Local Telephone Company, Inc., attached hereto, pursuant to 47 U.S.C. § 252(e);

2. Order that Massachusetts Local Telephone Company, Inc. shall not provide local exchange telephone service until the Commission grants authority to Massachusetts Local Telephone Company, Inc. to provide such service and until the Commission approves schedules of rates, terms and conditions for the provision of such service; and

3. Order that the Administrative Director shall make a copy of the attached Agreement available for public inspection and copying pursuant to 47 C.F.R. § 252(h) within 10 days of the date of this Order.

Dated at Augusta, Maine this 23rd day of December, 2004.
